A Letter of Introduction

Welcome to the KING AEROSPACE INC. (KAI) press room. Here you'll find all you need in order to understand the passion KAI exhibits in serving our Country and the men and women who wear the uniform. Our company considers it a true honor that is taken very seriously and demonstrated through consistent positive performance to provide the highest quality in military and government aviation services.

We strive to exceed the expectations of our clients by adhering to the KING AEROSPACE Cornerstone Principles which support and fortify our company mission: to make a positive difference in the lives of those we employ, we serve, we encounter and earn a fair profit.

KAI is proud to offer the following services and capabilities:

[Aircraft Maintenance](#)

[Aircraft Modifications](#)

[Global Support Services](#)

[Intelligence, Surveillance Reconnaissance \(ISR\)](#)

[Life Cycle Contractor Support](#)

[Program Management](#)

KAI has a very simple mission. To serve God, Country and Family to the highest level possible. And we'd be honored to share how we accomplish this for our customers.

Respectfully Yours,

Jerry Allan King-Echevarria (JAKE)
Founder & President
KING AEROSPACE INC.

About KING AEROSPACE INC.

KING AEROSPACE INC. (KAI) has been providing the highest level of aviation support services to both domestic and foreign governments and military organizations since 1992. The company has been involved in the design, development and modifications of a wide range of special mission aircraft.

KAI has even provided special mission equipment operators and training to military organizations. KAI routinely manages and maintains fleets of government-owned aircraft on a global basis. It is not uncommon for major defense contractors to subcontract key components of major projects or the integration of systems to KAI due to the Firm's cost-effectiveness and outstanding quality. KAI operates multiple FAA repair stations on a global basis to support government and military operations. KAI is a Certified AS9110 company.

Executive Profiles

Jerry Allan King-Echevarria

Chairman and Founder

Mr. King possesses over 30 years of Military, Commercial and Corporate aviation management experience. Prior to founding the KING AEROSPACE Companies in 1992, he was President and Chief Executive Officer of Associated Air Center. Under his direction, Associated Air Center grew from 80 employees to over 400. Mr. King has a Bachelor of Business Administration and a MBA in Business Administration. He is a licensed pilot and has served for 18 years as a Board Member of the Dallas Boys and Girls Club.

Keith Weaver

Executive Vice President

Keith is a Certified Public Accountant who has been involved in the financial and administrative management of the KING AEROSPACE Companies for over 15 years. Keith is familiar with all aspects of Government Contracting including audits, reports, proposal preparation, cost analysis, rate analysis, subcontractor negotiations and program administration. Keith is also familiar with both Government, Federal Acquisitions Requirements (FAR's) and FAA rules and guidelines regarding program and aircraft operations. Most important of all, Keith understands the KING AEROSPACE commitment to customer and employee satisfaction.

Rob Burchett

Director of Business Development Technical Services

Rob began his aviation career as a degreed mechanical engineer working for KING AEROSPACE with the USAF E9A missile-testing program. Rob's engineering background combined with his 15 years of experience at KING AEROSPACE overseeing the design, engineering, fabrication and certification of special mission aviation products allows him to fully understand the most complex aviation requirements. Rob often serves as a Project Manager in support of a wide range of airborne and ground research and development programs. Rob provides a true sense of program ownership necessary to meet budgets, schedules and customer expectations with "No Excuses."
